Dear Parents,

Re: Year 6 Maths Booster Classes - lunchtimes

This year we are running some extra Maths lessons in the run up to the Year 6 National Tests in May. These are designed to give your child some additional help and a little boost in confidence to make sure that they make the expected grade in Maths at the end of Primary School.

These sessions will take place during school on Tuesday lunch times beginning on Tuesday 10th April. The children will have their lunch first on those days and will be taught by Mrs Styles, who is an experienced specialist maths teacher. Sessions will last 20 minutes.

This is not a compulsory activity but we would recommend that your child takes advantage of the additional tuition.

Yours sincerely

Mr T Leah
Head Teacher
