Dear Parents,

**Re: Year 6 Maths Booster Classes**

This year we are running some extra Maths lessons in the run up to the Year 6 National Tests in May. These are designed to give your child some additional help and a little boost in confidence to make sure that they make the expected grade in Maths at the end of Primary School.

The sessions will take place after school on a Wednesday beginning on Wednesday 17<sup>th</sup> January. Each session will start with a drink and a snack. Mrs Edwards will be leading the sessions. She is an experienced maths teacher, who has worked with some of our year 6 children in previous years. Each session will finish at 4.00pm. The last session will be on Wednesday 21<sup>st</sup> March.

This is not a compulsory activity but we would recommend that your child takes advantage of the additional free tuition.

Please complete the reply section below by Monday 15th January.

Yours sincerely

Mr T Leah  
Head Teacher
