

Values and Character

Values are at the core of what we do at Fleckney Primary School. They underpin our teaching and learning, providing an ethos and learning environment which supports and prepares our pupils for positive futures.

2017 - 2018 Our school is taking part in two programmes which are considered to be fundamental in equipping and preparing our children for their futures.

1. **Learning through Values Programme.** This is led by Rob Bowden at Lifeworlds Learning and is our current focus with our GLP network of schools (Global Learning Programme).
2. **Route to Resilience: Promoting Character, Resilience and wellbeing in Schools.** This is led by Steve Harris at Wellbeing Education.
