Dear Parents and Carers,

Your child will bring home today a free digital parenting magazine from The Vodafone Foundation. This magazine contains advice from teachers, parents and online safety experts. It contains tips on the following:

- teaching your child [digital resilience](#)
- how to navigate the pitfalls of [social media](#)
- how to cope with [online peer pressure](#)
- how to manage your family's [screen time](#)
- how to protect your family from [cyber crime](#)
- how to use [parental controls](#) and settings to stay safe

Included in it is a guide to setting parental controls on apps and devices, and information on gaming and keeping your children safe while they play.

We hope it will give you essential knowledge and help build your confidence as you guide your children through the challenges of life online.

Yours sincerely
