

10th April 2019

Dear Parents/Carers,

Ogden Trust Primary Science Fair 2019

Fleckney Primary School has been invited to participate in a Science Fair in collaboration with our local cluster schools. Your child has attended the launch of this exciting event and its schedule in assembly today.

We would like children to participate by posing a scientific question, designing an experiment or researching information and explaining their findings.

They can present it using diagrams, graphs, small models or pictures. Projects/posters must not be larger than A2. The entries will be judged in school and the winners from each Key Stage will then go on display in Market Harborough Museum. Prizes will be presented to both winners.

Entries will need to be brought into school by the morning of **Thursday 16th May**. All the entries will be on display in the school hall on **Friday 17th May at 3.45pm** and parents are warmly invited to view the entries at this time, with their child. Judging will be carried out by our Science Governors and the winners from both Key Stages will go on display in Harborough Museum from 21st May until 27th May.

We hope you are able to support us in this exciting Science activity and we look forward to seeing the entries from the scientists of the future!

Yours sincerely

Miss Pearson
Deputy Head-teacher and Science Co-ordinator
