Market Harborough Primary STEM Conference
Saturday 26th January 2019

Dear Parents,

Following the success of the Primary Science Conference over the years, we are pleased that the Market Harborough Science Network will be holding another conference called the Primary STEM conference, which will include aspects of **Science, Technology, Engineering and Maths**. This will take place at Robert Smyth Academy on Saturday 26th January 2018 from 9.00am to 3.00pm.

There are only 30 spaces available to us so if your child would like to attend, please complete the attached form and return to the School Office **by 9.30am this Monday 14th January**. If we receive more than 30 requests for places then we will allocate places by 'drawing names from a hat', to enable all interested children to have an equal chance of attending.

There will be a cost of £10.00 for attending the day. A letter will be then be sent out on Monday confirming if your child has a place or not. This letter will provide further details and request payment by Wednesday 16th January. Please do not send any money into school at this point.

We hope that the children are as excited as we are about the conference.

Yours sincerely

Miss Pearson
Science Subject Leader
