Dear Parents,

Please can we remind you that children are not allowed to bring toys into school. We are aware that the use of sensory aids is beneficial for some children who need sensory input or to help them to concentrate whilst safely fidgeting. We have a supply of these sensory aids in school (which are small, discrete and do not distract other children) and, after an assessment of need, and in collaboration with you as parents/carers, we can issue these to help the children's learning. However, recently, children have been bringing larger or multiple items into school as if they are toys. In many cases, we believe that parents may not be aware of this. Please can you remind your child not to bring items in.

Should your child need any sensory aids, please talk to your child's teacher or the SENDCo to discuss your child's needs so that suitable equipment/adaptations can be put in place.

Many thanks for your understanding.

Kind regards

Mr T Leah
