Parental Survey February 2026

Dear Parents and Carers,

Thank you to everyone who took the time to complete our recent parental survey. We were delighted to receive over 160 responses, and we truly appreciate the time and thought you put into sharing your views with us.

The feedback we received was extremely positive and reflects the strong partnership between our school and our families. Some of the key highlights from the survey include:

- **96%** of parents said they *strongly agree or agree that their children feel safe at this school*
- **95%** of parents said that *their children are happy at this school*
- **94%** of parents said that *when they have raised a concern, the school has dealt with it properly*
- **98%** of parents said that *they would recommend the school to other families*

These results are something we are very proud of and are a testament to the dedication of our staff, the wonderful children in our school, and the support of our parent community.

One area highlighted in the survey was communication. 85% of parents said that the school communicates well with them about the things they need to know. While this is a positive result, as a school we are always striving to be the very best we can be. Clear and effective communication is important for everyone—it helps parents feel informed and involved, strengthens the partnership between home and school, and ultimately supports the best outcomes for our children.

To help us improve further, we will be sharing a short follow-up survey after Easter focused specifically on communication. Your feedback will help us shape a clear communication strategy moving forward so that we can continue to strengthen how we share information and work together.

Thank you again for completing the survey and for your continued support. As these results show, we are part of a truly wonderful school community, and we look forward to continuing to work together for the benefit of all our children.

A handwritten signature in black ink that reads 'Richards'.
