Dear Parents and Carers,

Over the past two academic years, we have continued with our approach of mixing classes as children move into their next year group. We are pleased to share that this has been very successful. We have seen strengthening relationships across the year groups, with children benefiting from building new friendships and working with a wider range of peers. As a result, we are now finding that friendship groups within all year groups have developed positively as a direct outcome of this approach.

We have also continued to see classes become more balanced in terms of academic and individual needs, as well as social dynamics. This has helped to strengthen our school community and enhance the learning environment across the school.

As in previous years, children will be asked to list five friends they feel they work well with, and we will ensure that each child is placed with at least one of their selected peers. These choices will be made in the first week back after the May half term break.

Last year, we asked you to talk with your child over the half term break about the friends they might like to choose. We found that this was very helpful in supporting children when making their selections, and we would kindly ask you to do the same again this year.

If there are any serious factors or relationships which you feel could have a significant impact on your child, please do remind us so that we can take this into consideration when organising classes.

Staff will follow a clear and considered process when creating new classes, using their professional judgement alongside the Senior Leadership Team and our SENDCO.

Our priorities will continue to be:

- What is in the best interests of each individual child and the class as a whole
- The happiness and well-being of all pupils
- Supporting a smooth and positive transition

We always endeavour to ensure that every child feels happy, secure and supported in school.

This year, children will again have the opportunity to meet as their new class, helping them to feel reassured about which friends they are with. This information will then be shared with you. We would also like to welcome you into school on Wednesday 1st July, to meet your child's new teacher(s) and see their new classroom.
