

**A love of reading is the biggest indicator
of future academic success.**

OECD (The Organisation for Economic Co-operation and Development)

17th September 2026

Dear Parents and Carers,

At Fleckney Primary School we teach Phonics and Spelling through our scheme 'Little Wandle-Letters and Sounds Revised.' This is a rigorous and systematic synthetic phonics programme, which ensures children build on their growing knowledge of the alphabetic code, mastering phonics to read and spell as they move through the school.

Through the scheme, staff model the application of the alphabetic code through phonics in shared reading and writing, both inside and outside of the phonics lesson and across the curriculum. We have a strong focus on language development for our children because we know that speaking and listening are crucial skills for reading and writing in all subjects.

We would like to invite parents and carers of children in the Foundation Stage to come into school to find out more about our scheme, have a look at the resources your child will be using each day and to learn about how to support your child with reading at home. We will also be sharing other information about how we use the Little Wandle scheme to teach handwriting in the Foundation Stage during the session.

This workshop will be held in the Foundation Stage building and run by the English team and Foundation Stage staff.

It will take place on **Wednesday 30th September from 5.00pm to approximately 5.45pm**. You will be able to access the site by the side gate off the alleyway. We politely ask that you find childcare if at all possible for this meeting.

We look forward to welcoming you.

Best wishes

Miss Baum and the Foundation Stage staff
